

AUG 2018

Donation Amount: \$2760.00

For the month of August we made a donation to CINI Australia. CINI Australia supports a number of programs in West Bengal, through the Child in Need Institute India, and they are achieving some fantastic results. They focus on giving a hand up, not a hand out.

We met with Dr Jennie Connaughton who is the co-founder of the organisation and were impressed with CINI's work and Jennie's passion. Our donation is being used to support their IICCHAA program (Indian initiative for child centered HIV/AIDS approach). The program supports children who are affected by HIV/AIDS. The program reaches 200 children in 176 families.
