

JULY 2019

Donation Amount: \$2900.00

July marks 12 months since Modus Property started supporting CINI's IICCHAA program.

IICCHAA is a Bengali word meaning "wish". The wish of CINI's long-term field worker Mozamel, is clear. He says many more public awareness and education campaigns are needed. He sees many adults, at risk of HIV who don't understand the need for testing and so unknowingly pass the illness to their unborn children.

Finding effective ways to spread important health information to those who cannot read is essential. CINI uses traditional Bengali folk singers, puppet and magic shows to entertain and educate crowds gathered in the village centre. Fun, music and play brings in all ages.
